REACH services

Gillies Associates Limited is an independent consultancy specialising in providing advice and practical help in the fields of health, safety and environmental protection. Established in 1995, Gillies Associates Limited has worked for many companies and organisations across industry sectors and brings a wealth of experience and knowledge to the challenge of compliance with the REACH Regulation.

Our team members are all senior practitioners in H,S&E with a wide range of experience across the disciplines. Our core skills in REACH centre on occupational and environmental hazard and risk assessment and effective control measures. Through our partners we are able to facilitate work in other areas (e.g. conducting physico-chemical and (eco)toxicological tests, and collating test data). We offer a comprehensive approach to REACH compliance tailored to your needs.

Working with your in-house team members we customise our services to the requirements of each individual client to make sure you receive the most appropriate and cost-effective support for your needs. We will identify those areas where you can achieve REACH compliance in-house, and areas where we can apply our expertise and knowledge to support your efforts.

Gillies Associates Limited is an approved service provider under the UK Chemical Industries Association REACHReady scheme (<http://www.reachready.co.uk>)

Examples of REACH Services offered

- Preparing Technical Dossiers and Chemical Safety Reports
- Exposure assessment, modelling and measurement
- Exposure Scenario creation and translation
